1. Overview of Operating Results, etc.

(1) Overview of operating results for the three months ended December 31, 2024

Forward-looking statements in this document reflect GMO Financial Gate Group (GMO-FG) judgements as of the end of the cumulative consolidated first quarter of the fiscal year ending September 2025.

Financial results for the cumulative consolidated first quarter of the fiscal year ending September 2025 (October 1, 2024 to December 31, 2024) are as follows.

(Unit: Thousand Yen)

	Three months ended December 31, 2023	Three months ended December 31, 2024	YoY Change (%)
Revenue	4,496,898	4,584,394	1.9
Operating profit	489,774	827,998	69.1
Ordinary profit	486,464	829,554	70.5
Profit attributable to owners of parent	317,104	602,830	90.1

a. Revenue

Revenue reached ¥4,584,394 thousand (+1.9% YoY).

During the three months ended December 31, 2024, the number of payments processed and Gross Merchandise Value (GMV) showed strong growth with the expansion of the use of our offline cashless payment platform due to the accumulation of small and medium-sized projects as well as an increase in spending associated with the year-end sales campaign and an increased use of cashless payments by merchants in industries and business categories frequently used in daily life.

Sales of payment terminals, which account for most of initial sales, decreased YoY due to impact from a large project recorded a year ago despite the increase of the installation of the “stera terminal standard” and the new model “stera terminal unit.”

In recurring-model revenue, while the operation of payment terminals for some large-scale merchants was delayed, contrary to expectations, to the three months ending March 31, 2025. Stock and fee revenues showed steady growth by capturing the surge in payment activity during the year-end sales campaign. Spread revenue achieved sales growth as planned although the growth was moderate compared to other recurring-model revenues due to the review of the portfolio of merchants conducted from the perspective of risk reduction since the three months ended June 30, 2024.

Revenue by business model for the three months ended December 31, 2024 is as follows. Recurring-model revenue consists of stock, fee and spread revenues, and figures in parenthesis represent a breakdown of recurring-model revenue.

(Unit: Thousand Yen)

	Three months ended December 31, 2023	Three months ended December 31, 2024	YoY Change (%)
Initial	2,915,353	2,566,631	△12.0
Recurring-model	1,581,544	2,017,762	27.6
Stock	(387,466)	(476,494)	(23.0)
Fee	(853,147)	(1,163,448)	(36.4)
Spread	(340,930)	(377,819)	(10.8)
Total	4,496,898	4,584,394	1.9

b. Operating profit

Operating profit reached ¥827,998 thousand (up 69.1% YoY).

The high growth in operating profit can be attributed to (1) a rise in composition of high-margin device revenue in sales of payment terminals which account for most of initial sales, (2) an increase in profitable development sales in line with the progress on the scheduled large projects, (3) an increase in high-margin recurring-model revenue due to an increase in the number of payments processed and GMV, and (4) the deferral of future investment including bonuses, compared to the three months ended December 31, 2023. Operating profit is making progress toward meeting the semi-annual and annual targets.

c. Profit attributable to owners of parent

Profit attributable to owners of parent reached ¥829,554 thousand (up 70.5% YoY).

(2) Overview of financial position as of December 31, 2024

[1] Overview of assets, liabilities and net assets

(Assets)

As of December 31, 2024, current assets decreased ¥2,608,814 thousand from September 30, 2024 to ¥9,022,917 thousand. This was mainly due to decreases in cash and cash equivalents of ¥1,407,154 thousand and in trade accounts receivable of ¥979,711 thousand. Non-current assets decreased ¥180,858 thousand from September 30, 2024 to ¥2,394,092 thousand mainly due to a decrease in deferred tax assets of ¥247,262 thousand despite an increase in goodwill and intangible assets of ¥45,123 thousand.

As a result, total assets decreased ¥2,789,673 thousand from September 30, 2024 to ¥11,417,010 thousand.

(Liabilities)

As of December 31, 2024, current liabilities decreased ¥2,371,870 thousand from September 30, 2024 to ¥3,861,932 thousand. This was mainly due to decreases in account payable of ¥1,178,861 thousand and in other current liabilities of ¥739,775 thousand. Non-current liabilities decreased ¥3,529 thousand from September 30, 2024 to ¥2,078,710 thousand mainly due to a decrease in other financial liabilities of ¥3,546 thousand.

As a result, total liabilities decreased ¥2,375,400 thousand from September 30, 2024 to ¥5,940,643 thousand.

(Net assets)

As of December 31, 2024, total net assets decreased ¥414,272 thousand from September 30, 2024 to ¥5,476,367 thousand. This was mainly because treasury stock decreased ¥499,523 thousand due to acquisition of treasury stock and retained earnings decreased ¥515,856 thousand due to distribution of dividend from surplus despite an increase in retained earnings of ¥598,213 thousand due to recording of profit attributable to owners of parent.

[2] Overview of cash flows

As of December 31, 2024, cash and cash equivalents ("cash") decreased ¥1,407,154 thousand from September 30, 2024 to ¥3,653,303 thousand.

A summary of cash flows from each activity for the three months ended December 31, 2024 is as follows.

(Cash flows from operating activities)

Net cash used in operating activities was ¥149,426 thousand (net cash provided of ¥78,360 thousand for the three months ended December 31, 2023) mainly because cash decreased due to a decrease in account payable of ¥1,126,938 thousand while cash increased due to a decrease in trade accounts receivable of ¥979,711 thousand.

(Cash flows from investing activities)

Net cash used in investing activities was ¥225,901 thousand (net cash used of ¥305,459 thousand for the three months ended December 31, 2023) mainly because cash decreased due to purchase of intangible assets of ¥210,145 thousand.

(Cash flows from financing activities)

Net cash used in financing activities was ¥1,031,827 thousand (net cash provided of ¥108,392 thousand for the three months ended December 31, 2023) mainly because cash decreased due to payment of dividends of ¥513,460 thousand and acquisition of treasury stock of ¥500,521 thousand.

(3) Overview of consolidated financial forecast and other forward-looking information

There is no change in the consolidated financial forecast for the fiscal year ending September 30, 2025 from those previously released on November 12, 2024 at this point. In the offline cashless payment market in which the Group operates, the number of merchants adopting the cashless payment is on the rise due to government-led promotion and diversifying payment methods as well as an increase in the number of travelers visiting Japan. Under such environment, the Group aims to continue medium and long-term growth in revenue and operating profit by focusing on sales of payment terminals meeting the needs of merchants, enhancement of payment processing centers, and acquisitions of new merchants and alliance partners. The consolidated financial forecast for the fiscal year ending September 30, 2025 at this point is revenue of ¥22,200 million (up 18.7% YoY), operating profit of ¥2,020 million (up 31.9% YoY), profit before income taxes of ¥2,002 million (up 32.3% YoY), profit of ¥1,316 million (up 22.4% YoY) and profit attributable to owners of parent of ¥1,316 million (up 29.9% YoY).
